Data Science Major – SUMMER ENROLLMENT

In this newsletter:

1. Important Dates & Deadlines
2. Advising
3. Data Science Major Courses

Please see our FALL ENROLLMENT email for even more important updates!

1. **Important Dates and Deadline**

Early March – Summer 2021 courses available on Course Search & Enroll

April 6 – First day of Senior standing enrollment

April 7 – First day of Junior standing enrollment

April 8 – First day of Sophomore standing enrollment

April 9 – First day of Freshmen standing enrollment

2. **Advising**

Both Dana and Sara are available for advising appointments to discuss your summer enrollment plans and questions. Please see the Data Science major page (<https://stat.wisc.edu/undergraduate-data-science-studies/>) for information on how to make an appointment, attend drop-in advising, or always feel free to send us an email!

3. **Data Science Major Courses**

At this time, the following Data Science major course courses are planned to be offered during Summer 2021:

STAT 240 Introduction to Data Modeling I
COMP SCI 220 Data Programming I
L I S 461 Data and Algorithms: Ethics and Policy

Additional courses to consider might include foundational Math classes (MATH 221, MATH 222) or upper-level electives offered from a variety of departments such as COMP SCI 400, 524, 525, 532, 539, 540, 564, 577, STAT 310, MATH 320, 340, 341, 431, 632, ECON 410 – this list is not exhaustive so please check for other courses that may be taught.
